are admissible in this vacancy. Mr. Madhava was relieved of his duties in the Maharaja's College on the 8th June 1944. The proposal to promote Mr. V.L. D'Souza as Ag. Professor, I Class against Mr Madhava, is separately submitted. In view of the confirmation of Mr. Madhava as Professor I class due to vacancy No. I, the lien of Mr D'Souza on the post of Professor I class may be shifted against ~~the vacancy~~ Dr B.L. Manjunath on foreign service. ~~This is~~ from 24th June 1944. This releases the vacancy of Mr Madhava in which another Professor in II class can be promoted to 1st class from 24th June 1944.

3) The confirmation and promotions proposed are based on vacancies are the following

(a) Mr. K.B. Madhava to be confirmed as Professor I class from 24-6-44 in the [illegible] vice Dr Manjunath on foreign service

(b) Mr V.L. D'Souza, Professor, II class to continue to act as Professor I class vice Dr Manjunath on foreign service [illegible]

(c) The Medical and Engineering colleges to be included in the Consolidated Cadre of the Prof. Dr. V.C. Srikantaiya of the Medical Colleges to be promoted to act as Professor I class in the vacancy released by the promotion of Mr. D'Souza vice Mr. Madhava on foreign service

(5) ... the question of having a combined cadre for all the Colleges, is, however, not free from difficulties. It has all along been the practice to fill up vacancies in the Principalship of the Maharaja's College or the Central College and some times in the Engineering College also from the staff of the College in which the vacancy occurred. But in 1937 Mr. Mackintosh was transferred from the Maharaja's College as the Principal of the Central College, against this conversion, in consideration of the fact that English is the subject that is common to both the Colleges.

(6) English and Mathematics are the only subjects which have chairs in the Arts and the Science Colleges, Mathematics is the only subject which is common to the Science and Engineering Colleges. A Science Professor cannot go to Maharaja's College nor a History, Economics, Philosophy or Psychology Professor to the Science or Professional Colleges. Many a time the Senior will consequently have to wait for a chance as Principal, while his junior enjoys the Principal's allowance, kind reference is invited to the V.C's letter dated 22-6-42.

Dr. C. Srikantaiya Professor of Chemistry Medical College, Mysore is the officer now proposed to be promoted as Professor I Class, on the vacancy of Mr. Rathna (1) on foreign service. This vacancy should in the ordinary course have gone to Mr. Rama Rao,

"g"

Principal, Inter college, Bangalore. A brief history of services of Dr Sukantaiya and Rama Rao is put up. It is seen that the former is senior to the latter. He is drawing a pay of Rs 600/- in the grade of Rs 400-25-700 from 1-5-44.

7) The proposals of the university are for orders.

The recommendation of the University to confirm Mr K.B. Madhava as I class Professor from 14-6-44, and to continue Mr V.V. Joshi as officiating I class Professor vice Mr Mangnani on foreign service are in the order of seniority.

8) As regards the consequential arrangement to promote Mr C. Srikantia of the Medical College as I class Professor vice Mr K.B. Madhava on foreign service, it is said that this is an innovation. The vacancy belongs to the Arts & Science College and in the normal course, it should have gone to Mr A. Rama Rao by seniority.

9) The present proposal of the University Council that all the Colleges should be treated as one unit is a novel one,

15 The proposals of the university as regards the confirmation of Prof Kothawala & Prof. Mitra and the continuance of Prof V. D. Vaze as acting in the same class are in the order of seniority and may be agreed.

The only contentious point is as regards the promotion of Mr Chinnaiah of the Medical college as to class I. This would the present position be is that 5 class I professorships (700-30-850) are available for the Arts and Science colleges and 2 to the Engineering College. His latter services are given as a special case and a for the time being 10 such posts.

The Medical College presents a unique case in respect to promotion to class I Vacancies. The University Council have now resolved that the Medical and Engineering colleges be included in the consolidated cadre and that

Dr C. Srikanta be appointed as professor
11) from a perusal of the
civil list it will be seen that if this
consolidation were not effected
Prof Ramadas (who is at the present
of the Law college at Bangalore)
would on the vacancy caused by
the change of his appointment
whereas the deprivation of two I class
professorships out of the 8 existing
was a hard enough blow to the senior
of the teaching staff of the Arts &
Science college. Taking another out
and transferring it to the Medical
College would make matters worse.
Such a step would mean that
there would be only 5 I class professorships
for 17 I grade professorships: while the
Engg College would have two I class professors
for two professors on the lower grade
and the Medical college would have
one I grade professor for 4 second
grade places. Such an arrangement
would naturally cause serious discontent
among the teaching staff of the Arts
and Science college: and in the present
case depriving Prof Ramadas of
his chances of promotion after he was
invited to hang there his expectations
that he would get it in the normal

course is not fair. I recall the case of one Dhanadas N. pramanik in his vacancy has merit to be considered just.

(12) At the same time it seems unfair that the Medical College should have no I class professorship attached, by which carrying chances of promotion to the Senior members of its present teaching staff. We unanimously has proposed a consolidation of the cadre of I grade professorship. Apart from the practical difficulties such consolidation which have been fully discussed in the minute of the member of education in P.B. file 76-4 Re, a step of this type would be only unfair if the strength of the cadre were not increased and the future prospects of the Asansol college preserved. A proposal to raise the cadre of I grade professorship by one was in fact made by the university in 1940 in connection with the case of one J.P. Das but it was turned down. In view of the hardships caused to the professoriate of the Medical College

by lack of any promotion beyond the Rs 700 pace even to its senior most Members some reconsideration of the matter appears desirable. Since there are practical difficulties in the way of consolidating the cadre of I pass professorships I would suggest the creation of an extra I pass professorial place in the Medical College. The cost may be kept down by keeping one of the posts on 400-25-700 Vacant for three years. Such a ~~case~~ course would not only secure the even flow of promotion to the professoriate of the Medical College but would also obviate any sense of disappointment & grievance such as would certainly arise if the Arts & Science colleges were deprived of one place in the I pass professorships for the sake of the Medical college.

B) So long as Dr Ahobadas was in the Medical College he was drawing pay in the scale 500-1000.

5.10.44

The first two items in the Chancellor's Council resolution are in order & may therefore be approved.

Date 9.10.44.
No. 2544

As regards item (iii), the constitution of the cadres in all the colleges under the Chancellor for purposes of promotion to the 1st grade of Professors is not free from administrative difficulties as pointed out in my minute dated 26.10.1943 in Chancellor's file No. 74-42 Pt. II. If this proposal is accepted, none of the 2nd grade Professors in the Engineering College will be eligible for promotion to the 1st grade, when Messrs Ramasamy & Dr. Thyagarajan retire. On the basis of seniority, one of the 2nd grade Professors in the Arts & Science Colleges will be eligible for promotion & it will neither be proper nor correct to post a non-Engineer to the Engineering College. If any one from the P.W.D or Electrical Depts is posted to these vacancies, the officers in the Chancellor's will be deprived of their chances for promotion & this will give scope for considerable heart-burning & discontent. The sanctioned number of appointments in the 1st grade of Professors has been allocated to the several Colleges (the Arts & Science Colleges being treated as one unit) & the officers in the lower grade working in these Colleges, naturally expect that they will get promotion in the usual course in the vacancies arising in the higher grade posts allocated to their unit. It will give them

Cause for much disappointment, if a new principle is now enunciated which will have the effect of restricting their chances of promotion. In fact, the promotion of Mr Das of the Engineering College in one of the vacancies of 1st grade Professors which legitimately belonged to the Arts & Science College, has led to much heart-burning & the Hindus feel more than ever that this promotion may be counted against an additional post of 1st grade Professor to be created but that was not included at the time to add to the number of posts in this cadre.

17) Without attempting at any consideration of cadres which may create administrative difficulties in the future, it is but, I think, to sanction a post of 1st grade Professor to the Medical College, to be filled up on the basis of seniority of Officers in that institution. There are 5 posts of 2nd grade Professors in that College & there is no higher post to which the Officers in that grade may look forward for promotion. There are two 1st grade Professors posts attached to the Engineering College at present, though there are only 2 posts of 2nd grade Professors. Whether one of the higher posts, may be restored to the Arts & Science College, from which it was taken away to promote Mr Das on personal grounds, may have to be considered at the time of

retirement of Mr Das & in the light of the requirements of the Engineering College, which may have to be expanded to meet the increased demand for subordinate men in the post-war period. Meanwhile it is only fair to create one post of 1st grade Professor for the Medical college, in lieu of one post in the 2nd grade. The extra cost will not be much & may have to be incurred in the interests of the institution & of the officers working in it. Mr Srikantiah who will be eligible for promotion is already drawing Rs 650 in grade Rs 400-25-700 & has only 2½ years for superannuation.

2. If this is done, the existing temporary vacancy in the Subordinate Services may be filled up on the basis of existing rulings, in which case, Mr L. Rama Rao, who is now Principal of the Intermediate College, Bangalore, will get the benefit of the vacancy. The post of Principal, Intermediate College, carries a pay of Rs 400-25-700 but as the vacancy is a temporary one, Mr Rama Rao may be continued in the post so as to avoid dislocation of work.

3. If the Dewan approves, the papers may be disposed of by circulation.

Promotions to Class I of Professors of the Mysore University.

....

A vacancy has occurred in the first grade of Professors due to the demise of Mr. K.S.K.Iyengar on 24th June 1944, and the University have recommended the following proposals:--

1) Mr. K. B. Madhava, II Class Professor who is already acting in the I Class vice Dr. B. L. Manjunath, on Foreign service, be confirmed in Class I from 24th June 1944 vice Mr. K.S.K. Iyengar deceased.

2) Mr. V.L.D'Souza, Professor, II Class to act in I Class vice Dr. B.L.Manjunath on Foreign service.

3) Medical and Engineering Colleges be grouped along with the Arts and Science Colleges and treated as one Unit for purposes of promotion in the cadre of Professors.

Dr. C. Srikantiah, Professor, Medical College, Mysore be promoted on this principle to Class I vice Mr. K.B.Madhava, on Foreign service.

The first two items in the Resolution of the University Counc are in order.

As regards item (3), the consolidation of the cadres of all the Colleges under the University for purposes of promotion is not free from administrative difficulties. The sanctioned number of appointments in the I grade Professors has been allocated to the several Colleges (the Arts & Scienc Colleges being treated as one unit) and the Officers in the lower grade working in these Colleges naturally expect that they will get promotion in the usual course. It will therefore cause them much disappointment if new principle is enunciated which will have the effect of restricting their chances of promotion. The Minister for Education has therefore suggested that the existing temporary vacancy

(item 3) may be filled up on the basis of existing seniority in the Arts & Science Colleges and that Mr. L. N. Rama Rao Superintendent, Intermediate College, Bangalore may be promoted as acting Professor Class I. As the vacancy is, however, a temporary one, Mr. Rama Rao is proposed to be continued in his present post so as to avoid dislocation of work.

It is, at the same time, desirable to sanction the post of a First Grade Professor to the Medical College, also to be filled up on the basis of seniority. There are 5 posts of Second Grade Professors in that College and as there is no higher post which the Officers in that grade may look forward for promotion, it is only fair to create one post of first grade Professor for the Medical College in lieu of a post in the second grade. Mr. C. Srikantiah, who is the senior most Professor in the Medical College, may be appointed as Professor I grade in that College.

The above proposals of the Minister for Education have been agreed to by the Dewan.

Final Note by the Minister for Education

Subject— Promotions to Class I of Professors of the Mysore University.

A vacancy has occurred in the first grade of Professors due to the demise of Mr. K.S.K. Iyengar on 24th June 1944, and the University have recommended the following proposals :-

1) Mr. K.B. Madhava, II Class Professor who is already acting in I Class vice Dr. B.L. Manjunath, on Foreign service, to be confirmed in Class I from 24th June 1944, vice Mr. K.S.K. Iyengar deceased.

2) Mr. V.L. D'Souza, Professor, II Class to act in I Class vice Dr. B.L. Manjunath on Foreign service.

3) Medical and Engineering Colleges be grouped along with the Arts and Science Colleges and treated as one Unit for purposes of promotion in the cadre of Professors.

Dr. C. Srikantiah, Professor, Medical College, Mysore to be promoted on this basis to Class I vice Mr. K.B. Madhava, on Foreign service.

When the papers came to me, I minuted as follows :-

"The first two items in the University Council resolution are in order and may therefore be approved.

As regards item (iii), the consolidation of the cadres in all the Colleges under the University for purposes of promotion to the first grade of Professors is not free from administrative difficulties as pointed out in my minute dated 26th October 1943 in University File No. 74-42 Sl.1 & 2. If this proposal is accepted, none of the second grade Professors in the Engineering College will be eligible for promotion to the first grade, when Messrs. Ramaswamy and Das, superannuate. On the basis of seniority, one of the second grade Professors in the Arts and Science Colleges will be eligible for promotion and it will neither be proper nor correct to post such Professor to the Engineering College. If any one from the Public Works Department or Electrical Department is posted to these vacancies, the officers in the University will be deprived of their chances for promotion, and this

19

(F.N.—contn.)

this will give scope for considerable heart-burning and discontent. The sanctioned number of appointments in the first grade of Professors has been allocated to the several Colleges (the Arts and Science Colleges being treated as one Unit) and the officers in the lower grade working in these Colleges, naturally expect that they will get promotion in the usual course in the vacancies arising in the higher grade posts allocated to their unit. It will give them cause for much disappointment, if a new principle is now enunciated which will have the effect of restricting their chances of promotion. In fact, the promotion of Mr. Das of the Engineering College in one of the vacancies of first grade Professors which legitimately belonged to the Arts and Science Colleges, has led to much heart-burning and the University pressed more than once that this promotion may be counted against an additional post of first grade Professor to be created but Government were not inclined at the time to add to the number of posts in this cadre.

Para 17 of notes

Without attempting at any consolidation of cadres, which may create administrative difficulties in the future, it is best, I think, to sanction a post of first grade Professor to the Medical College, to be filled up on the basis of seniority of officers in that institution. There are five posts of second grade Professors in that College and there is no higher post to which the officers in that grade may look forward for promotion. There are two first grade Professors' posts attached to the Engineering College at present, though there are only two posts of second grade Professors. Whether one of the higher posts, may be restored to the Arts and Science Colleges from which it was taken away to promote Mr. Das on personal grounds, may have to be considered at the time of retirement of Mr. Das and in the light of the requirements of the Engineering College, which may have to be expanded to meet the increased demands for professional men in the post-war period. Meanwhile it is only fair to create one post of first grade Professor for the Medical College, in lieu of one post in the second grade. The extra cost will not be much and may have to be incurred in the interests of the institution and of the

20

(F.N.—contn.)

officers working in it. Mr. Srikantiah who will be eligible for promotion is already drawing Rs.650/- in grade Rs.400-25-700 and has only two and half years for superannuation.

Para 18 ಪ್ಯಾರ

If this is done, the existing temporary vacancy in the Arts and Science Colleges, may be filled up on the basis of existing seniority, in which case, Mr. L. Rama Rao, who is now Superintendent of the Intermediate College, Bangalore, will get the benefit of the vacancy. The post of Superintendent, Intermediate College carries a pay of Rs.400-25-700 but as the vacancy is a temporary one, Mr. Rama Rao may be continued in the post so as to avoid dislocation of work."

These proposals have been agreed to by the Dewan and the other Ministers and I solicit His Highness' gracious approval to the promotion of Messrs. K.B. Madhava, V.L. D'Souza and L. Rama Rao and to the proposal to create one post of first grade Professorx for the - Medical College, in lieu of one post of second grade, and to promote Dr. C. Srikantiah to the first grade against the new post.

S i r,

I am directed to state that owing to the death of Mr. K.S.K. Iyengar. Professor of Mathematics Central College, Bangalore on 23rd June 1944, a vacancy in the First Grade of Professors occurred which admits of the promotion of a Second Class Professor. The question was considered by the University Council at the meeting held on 19th August 1944 and it was resolved as follows:-

That (a) Mr.K.B.Madhava be confirmed in Class I Professorship.

(b) Mr. V.L.D'Souza Professor Class II (already recommended for promotion to Class I (acting) vice Mr. K.B.Madhava on foreign service) to continue to act in Class I vice Dr.B.L.Manjunath on foreign service (vide letter No.A.3-129/44-45 dated 2nd August 1944).

(c) The Medical and Engineering Colleges be also included in the consolidated cadre and that Dr. C. Srikantia be appointed to act in class I in the vacancy released by the acting promotion of Mr.D'Souza vice Mr. K.B.Madhava on foreign service.

I am to forward herewith a copy of the Council resolution and to request sanction of Government for

(i) the confirmation of Mr.K.B.Madhava as Professor, Class I vice Mr.K.S.K.Iyengar (deceased) with effect from 24-6-1944. Mr. Madhava was promoted to act in Class I vice Dr.B.L.Manjunath on foreign service. (vide Notification No.4582/CB 32-42-6 dated 21st April 1943).

(ii) the promotion of Mr.V.L.D'Souza, Professor Class, II already recommended for promotion to Class I in this office letter No.A.3-129/44-45 dated 2nd August 1944 to act as Professor, Class I vice Dr. B.L.Manjunath on foreign service against the vacancy to be released by the confirmation of Mr. K.B.Madhava.

As regards resolution (iii) (c) the Council was of the opinion that unless all the Colleges (Arts, Science, Medical & Engineering) were

29

were considered as one unit for purposes of promotion in the cadre of Professors, Senior men in the Professional Colleges would not only lose opportunities for promotion to the Senior grade but they would also lose their seniority vis-a-vis those in the Arts and Science Colleges. The Council therefore resolved that the Medical and Engineering Colleges should also be included in the consolidated cadre.

I am to request sanction of Government to this recommendation of the Council, and to the promotion of Dr. C. Srikantia, Professor of Chemistry, Medical College, Mysore, in grade Rs.400-25-700 to the first grade of Professors vice Mr.K.B.Madhava, on foreign service, to be released by the promotion of Mr.V.L.D'Souza vice Dr.B.L.Manjunath, on foreign service.
